CORPORATE CAPABILITIES

Leading Solutions provides its services in four core areas – training and curriculum development, professional services, information technology services, and healthcare services.

- **Training & Curriculum Development:** Instructor-led, distributed learning, and blended training. Support the design, development and implementation of solutions to satisfy traditional training requirements through enterprise-wide integration of information technology that enhances training delivery, access and performance.
- **Professional Services:** Provide personnel to fulfill customer professional, technical and administrative requirements in multiple skills and disciplines. Our workforce goes through a rigorous selection process to ensure we provide exceptional talent management to our customer.
- **IT Services & Solutions:** Provide management of IT functions and systems as well as solutions that are practical and which optimize resources so information is available when and where it is needed. Solutions are stable, scalable and mobile.
- **Healthcare Services:** Provide healthcare professionals of multiple specialties, supporting human performance programs and the direct healthcare needs within the Department of Defense and other Federal Government healthcare systems.

CORPORATE DISTINCTION

Leading Solutions' differentiators provide value to its Government and commercial customers.

- **Service Excellence:** Our focus is filling requirements with a professional workforce that supports contracts, including highly specialized positions using exceptionally responsive internal recruiting capabilities with exceptional tools, methods and recruiters. Consistently meet all requirements.
- **Price Competitive:** The Company is very price competitive, we keep our costs low by aggressively pricing customer requirements that meet their budgets. We offer benefits that lead to successful recruiting and retention, so we can offer our customers performance stability and consistency.
- **Committed Management:** Our leadership and managers understand customer service requirements and provide outstanding responsiveness and compliant, high quality services.
